Report on Life Education Caravan by Maile Tuitupou

The Life Education Caravan visited Henderson North School for two weeks. Every class went to visit Muriel, the presenter, and Harold the giraffe.

On the first day of Life Education Muriel told the children about lotions and medicines. Muriel said that some drugs were bad and some were good. Room 4 learnt about drugs that made changes in the body, some drugs damage the brain and body parts. The children learnt to make the right choice when they grow up.

Muriel let children watch a video about saving Mr Possum-a-lot. Mr Possum told the children to go through the gate and learn about bad drugs and good drugs. Room 4 had to answer riddles and go through doors to learn about body parts and how they could be damaged by bad drugs.

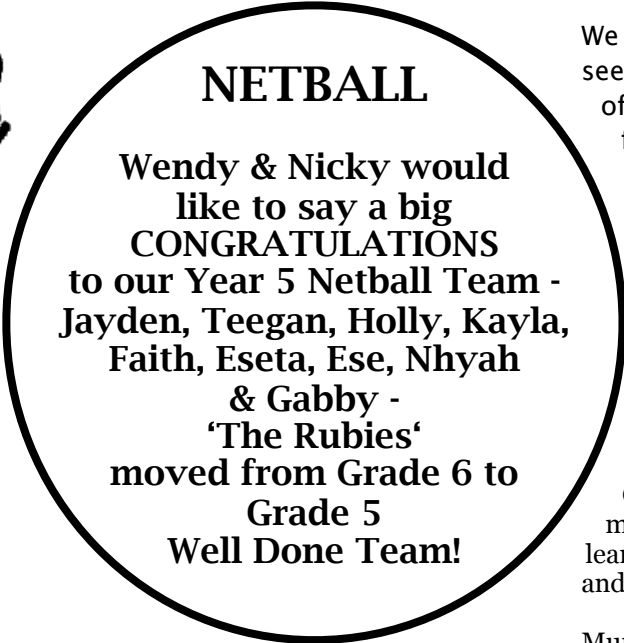

The children enjoyed learning about new things and they enjoyed the Life Education visit.

INDIVIDUAL PHOTOS

These will be taken on Thursday 11 August. Forms will be sent home at the beginning of next term for you to sign and return if you want your child's photo taken.
