Dear Families

20 August 2018

'Be Safe'

We take safety very seriously
and on a school day the safest place for
children is at school.

Arriving on time and in correct uniform, identifies
where the children
are going and motorists look out for them.

The crossing is the safest place to cross the road
even if you have to walk to get to it.

If you are on time there a staff member is there to help.

ABSENT CHILDREN

If your child is going to be absent it is **VERY IMPORTANT** that you let us know! You can let us know via our school App email us on office@hns.school.nz, phone 838 8229 and leave a message on our absentee line or text us 021 0248 3806.

Please also ensure we have your current phone numbers on record.

MOTUIHE ISLAND TRIP

Year 5 & 6 Trip to Motuihe Island has been rescheduled for Friday 26 October. If you have not yet paid for this trip you will need to do this as soon as possible - \$10 each.

Library Road Show

Your child should have received their new library card, some of our new children may receive them in the mail.

Tomorrow we will have librarians from Auckland Libraries giving a presentation sharing with our children about the Mobile Library Bus which will be regularly visiting our school from October.

They will be sharing information about Public Libraries and lots of great stories. Some children will even get to wear costumes!

Reminder to you all- if your child has a current library card they will be able to issue 2 items when the library bus comes to visit. Please let us know if you do-not want your child using their card.

Royal Jelly Show

On Tuesday 21 August we will have a very special show visit our school, that will teach us all about the importance of bees in our world. Shows coming to our school are far more cost effective than us taking children to a show by bus. The cost will be only \$4 per child. Please fill in the slip below along with \$4 and return to school.

Class Room Activity and Donation payments are now due for this term.

**If you can please ensure you pay these.
Thank you for those that have paid them.**

MARBLE RUN

On Wednesday 8 August we made a marble run, it was so much fun because we made it out of cardboard. The annoying part is the tape because it sticks everywhere.

The marble run works by gravity. The gravity pulls the marble, then the marble rolls down the cardboard and the steeper the faster the marble goes, the flatter the slower the marble rolls. If it gets too steep the marble just falls because the gravity pulls the marble down.

If we had not gravity we would just fly!
