## Disability Art Festival

Our Ukulele Group went to Corbans Estate last week to play for a group of disabled children.

The room 4 Ukulele Group went to Corbans Estate. I was so scared. But when I saw the people I had to calm down and play the ukulele. When a disabled boy came I gave him a ukulele and showed him how to play. I thought it was going to be scary but it felt like I was teaching my best friend. I had fun going to the disability Art Festival.  
Alilia

On Thursday 26 October we went to the Corbans Estate to play at the disability festival. At first me and all my friends were scared to go. When we got there we had a special spot set up for us. We started playing our ukuleles. People started coming towards us. I thought to myself "oh no - this is scary". Mrs templeton said "look behind the disability and look at the real person". Then I asked if I could get my face painted and it turned out to be quite fun. Plus all the disabled people really enjoyed playing the ukuleles and when we came back we had lunch in the hall. It was really fun. Mariana

## - SKATEBOARDING -

over the last few weeks we have had 'Onboard' Skating come to our school and teach our children some skateboarding skills.

Thank you for teaching us how to ride a skateboard. At first I was scared but now I am much better at it. The teachers were really good at teaching us. I hope we can do it again next year. Jordan

Thank you for teaching us how to skate on a skateboard. I learnt lots of new skills for skateboarding. I really enjoyed it because I learnt how to ride a skateboard properly. I can turn the skateboard now. Hayden

Thank you for teaching me how to skateboard. I loved it when we all played red light, green light. It was fun because the winner got a high five. I was shy but now I'm good. My favourite part was when we all raced down to the other side and when we had free time. It was scary when I went fast. Raiden

Thank you for teaching me how to ride a skateboard. It was awesome. I loved playing red light, green light. It was challenging and fun at the same time. At the first session I was nervous because I thought I might fall off but I had protection gear on so I couldn't hurt myself. I also enjoyed it because I can go fast or slow. I can also turn. it was amazing I hope you can come back next year. Shreya

Thank you for teaching me how to skateboard. Now I feel confident when I skateboard. I think skateboarding is really fun and amazing. Now I'm getting my own skateboard and gear. I also want to skateboard at home since I've learned. Skateboarding is one of my favourite hobbies now. I like skateboarding more than a scooter or bike. I like playing games on a skateboard. I wonder how they do tricks on a skateboard because I don't know any tricks. I think skateboarding is fantastic. Shanya

Thank you for teaching me how to hover. I really liked it when we played red light, green light because when you looked back I was stuck like a statue except for my skateboard, it skated itself to the end, it was so funny. I appreciate everything you have done for room 7. I hope you enjoyed the time with us. Gayelene
