'SCHOOL RECIPE BOOK'

Thank you to those families that have provided us with their favourite recipes - we still need more!
Please send them in to us as soon as possible.
The class that can supply the most recipes will get to be involved in the test kitchen and tasting!

Dear Families

3 April 2017

'BE A LEARNER AT HOME'

Have lots of books from the school library
or the public library

Share the books with your children,
either an old favourite or a new story.

Tell your children the stories that you were told when
you were at school, especially tales from where you were born.
Play board games.

Write letters to say thank you and share news
to family and friends.

Do lots of counting when you are shopping,
at home or out and about.

LIFE EDUCATION CARAVAN

The life Education Caravan visited us last week and the children from Room 7 have written some letters of thanks to Muriel.

Thank you for coming to Henderson North School. Also thank you for teaching me about the human body. I learnt that our brain is very bossy. Also that it takes 6-7 hours for our food to digest. Thank you for letting us see Harold. I really enjoyed our time with you.

Yours sincerely Alfie

Thank you for teaching us about our body and how our body works. I didn't know our heart sits close together by our lungs. And I did not know our small intestine is 25 feet long. And our large intestine 5 feet long.

Yours sincerely Hayden

Thank you very much for teaching us about our Digestive system. I thought that our nerves were very interesting. I did not know that our brain is the leader of our body and you need water, oxygen and food to keep it working. I had fun with Harold and Tam but the best thing was to see you.

Yours sincerely Glaeshia

Thank you for teaching us where our stomach was and telling us that our brain was as big as out two fists together. I enjoyed being a doctor and seeing Harold and Tam. I liked the stickers and the song that was really fun.

Yours sincerely Genevieve

Thank you for teaching us about our body. I enjoyed seeing the stars and seeing Harold and learning about our Digestive system. I was interested about seeing the inside of our bodies. I learned heaps of stuff like our brain is a little bit bigger than our two fists together and that if we want to keep our brain working we need oxygen water and food.

Yours sincerely Amogh

Thank you Muriel for teaching Room 7 the slimy and gross body we have in us. I enjoyed fining the brain with the pointer. The really interesting part was how inside the flood is food. I learned that the two fists were the size ion our brain but a little bigger.

Yours sincerely Olya

Thank you for teaching me that when you eat food it takes 6 to 7 hours to digest. I really enjoyed seeing Harold. He sang a nice song too us before we left. I never knew that our brain was just a little bit bigger than our two fists put together.

Yours sincerely Alisa

Thank you for showing us the stars. I loved pretending to be a doctor with Tanei and I am really interested in learning that your heart is as big as your fist.

Yours sincerely Khari

WELL DONE AND CONGRATULATIONS!

Class Room Activity and School Donation payments -

Notices were sent home last week re overdue payments - these need to be paid by the end of the term. We rely on children to deliver notices home so please ask your children for any notices.

The cost to posting notices would be huge to the school so please check for notices.

Class Photos - these are finally here!!

Named envelopes have been sent home so please return them with your money as soon as possible.

BREAKFAST CLUB

Breakfast Club runs on a Monday, Tuesday and Wednesday morning. All children are welcome to come along and join us for breakfast. If you are free in the morning to come along and give us a hand with serving breakfast that would be greatly appreciated.

Room 14's 'Machine' Stories

Today we had a challenge for a marble run. Natalie and Anushka were so close. But they did not make it. Today we made it because it was medium low, do you want to guess who it was? it was Miss Flynn and Donna, they are the winners of the day. I'm going to tell my mum and dad and my brother and my Aunty and my Uncle and my baby.

Dante

Today I made a simple machine and we had fun. I liked making the simple machine and all the children liked the experience. The card board was low enough so it went to the end of the line.
