

# HENDERSON NORTH SCHOOL

Friday 26 November

Dear Whānau

We have completed one week back at school and our tamariki who are attending are enjoying being back with their friends and teachers. Our teachers are working so hard to continue doing online learning and coming to school and teaching. If your child would like to come back and join in with their class, they are welcome to do so - just let us know so we can prepare for their return.

School lunches and fruit are back on the menu so please let us know what your children are thinking about them. There has been a big effort to improve the lunches and we would like to know if your children are enjoying them.

Please remember that school doesn't open until 8.30am and you must drop your children at the gate and cannot enter our school grounds. School for the Juniors finishes at 2.45pm and seniors at 3.00pm.

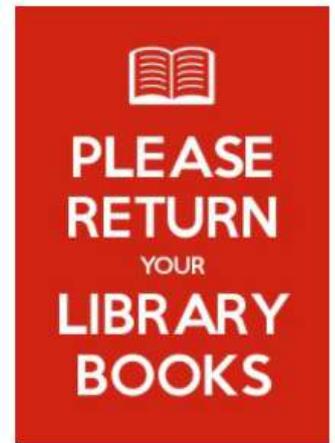

From next week we are able to go swimming so pack your children's togs and towel and they can enjoy our pool in this beautiful weather. Next year, in the first two weeks, we will be running a programme on being safe in and around water. Children will need to participate every day for the programme to be successful so now is the chance to get started.

Some of you were given devices to use during lockdown - these need to be returned. If your child is coming to school can you please give them the device to bring back and they can give it to their classroom teacher. If you need to drop one off - you are able to drive into our carpark during 10.00am - 2.00pm give a good honk of your horn and someone will come to your car and collect it from you.

# Library Books & Readers

We are needing these back urgently. During the day there will be a big box by our school letterbox, please pop by and place your books in here, or give them to your child to return if they are coming to school. If your teacher is dropping work to your letterbox you can leave them in your letter box to be collected.

School Reports are due to be sent home next Friday. They will be different because so much time has been spent out of school.

Irene Ogden - Principal
